

DIVISION OF SKYWAY CANADA LIMITED

## SKYHIGH Tube Couplers

### **SUPERIOR BENEFITS**

- Safe through constant high quality manufacture, guaranteed in accordance with ISO 9001
- Durable
- No maintenance
- Easy to assemble
- Cost-saving due to the fast and simple erection and dismantling
- Conforms to national and international standards such as EN 74-1
- Traceable by the production code stamped into the coupler
- Life-time protection against corrosion (NEN standard for corrosion protection)

The ERREM coupler has a strong reputation reinforced through its speed, safety, quality, durability and reliability.

### **Scaffolding solutions**

Skyhigh concentrates on safety, quality, innovation and flexibility. Whether it is in the development, manufacture or sales of scaffolding.

All Skyhigh products are of the highest quality and supported by professional technical backup and service.

We would be pleased to develop a made-to-measure solution for your specific application or scaffolding requirements.

**SOLUTIONS YOU CAN TRUST - Safely Supporting Our Customers Since 1967**
